

EU Project Manager (Code: PM2304)

Location : Chalandri, Athens, Greece

Type of appointment : Permanent, full time

About the company

EXELIA develops and deploys innovative solutions for research, interregional cooperation, and training. The company launches and coordinates EU-funded project proposals and develops research results & prototypes into innovative products & services for its clients. The company works on policy issues and development strategies related to environmental issues. Technical innovation and policy transfer are essential parameters of our work. EXELIA coordinates and/or implements technical work as project leader or partner in Erasmus+, Interreg and Horizon Europe projects. **We are looking for full-time, in-house project manager to join our growing team and to contribute to the management of EU-funded projects.**

Core functions / Role

As a project manager in EXELIA, you will have the opportunity to work with major European companies, research organisations, universities and administrations from across the EU. You will be part of an international, experienced, result-driven team that works in a collaborative way with emotional intelligence and a sharing culture. Your role will be to represent the company and manage the implementation of international contracts of research and territorial cooperation projects. Day-to-day tasks may include a combination of the following:

- Coordinating contract implementation ensuring adherence to quality standards & programme rules
- Understanding the project purpose and content in depth and actively pursue and achieve a strong project impact
- Communicating with partners and organising work meetings, workshops, and dissemination events ensuring timely production of deliverables
- Communicating with and reporting to funding authorities on project activity and financial progress
- Coordinating with external stakeholders to ensure the implementation of project work
- Developing, contributing to, and assuring completion of project deliverables and actions

Needed requirements

- University degree in relevant disciplines or equivalent professional experience
- Excellent communication, presentation, and drafting skills
- Strong organizational, planning and project management skills
- Fluency in both English and Greek (spoken and written)
- Ability to deliver under strict deadlines and to manage tasks and deliverables within schedule
- Ability to learn fast and collaborate effectively within a team.

Good to have

- Previous experience in EU funded programmes
- Understanding/knowledge of project-related procedures.

Offered

- Competitive salary and benefits package
- Opportunity to work with a very competent, innovative team within the consulting industry
- Room for growth and advancement within the organization
- Opportunity to work with cutting-edge organisations and companies from across Europe
- Strict policy for no overtime applies.
